

ARVA PATEL

PROFILE SUMMARY

I am a Data Science student currently studying at the Institute of Advanced Research. I am a dedicated and detail-oriented individual. I have an interest in both programming and designing. I am familiar with technologies like HTML, CSS, JavaScript, Python, and MySQL. I also have a keen interest in the field of Machine Learning. I enjoy designing, especially logo design, poster design, and similar creative work. Through project-based learning, I have tried to effectively bridge the gap between theoretical concepts and practical applications.

EDUCATION

June-2021

kadi sarva vishva vidhyalaya

- Bachelor of Computer Administration

June-2024 Present

INSTITUTE OF ADVANCED RESEARCH

- Master of Science in Data Science

SKILLS

- Microsoft Excel, Microsoft Word, Microsoft PowerPoint
- Logo Designing
- Django, Flask
- HTML, CSS, JavaScript
- Machine Learning, Python
- MySQL , PostgreSQL

PROJECTS

Project Title: E-Commerce Website

Role: Full Stack Web Developer

Technologies Used: PHP, MySQL, HTML, CSS, JavaScript

Project Description:

Designed and developed a dynamic online medical store for purchasing prescription and over-the-counter medicines. The website enables users to search and browse medicines, manage their shopping cart, and place secure orders. Admins have access to a dashboard for managing medicines, inventory, and viewing orders.

Key Responsibilities & Features:

- Built user authentication system with registration and login features.
- Implemented medicine catalog with search and filter options.
- Developed cart system and secure checkout functionality.
- Created admin panel for managing medicines, stock updates, and order tracking.
- Ensured responsive and user-friendly UI using HTML, CSS, and JavaScript.

EXPERIENCE

Summer Intern - Python Web Development

May 2025 - August 2025

- Organization :** Bhaskaracharya Institute For Space Applications and Geo-Informatics (BISAG-N).
